

HIGH SCHOOL WILL HARDLY RESUME ITS UNIONTOWN GAMES

Rampage by Scottdale With County Sent Eleven Losses Chances.

NO APOLOGY IS FORTHCOMING

Authorities Here Are Likely to Refuse Consideration of Resumption of Athletics Until Uniontown Makes Amends for Disgraceful Attack.

From time to time there are intimations that athletic relations between the high schools of Conneltsville and Uniontown are about to be resumed, but at present there is no indication that they have any foundation. There is little chance that a game will be played between the two football teams this year. What little hope was held out has recently been dashed by the dispute which ended the Scottdale-Uniontown game on Saturday in a forfeit to the latter team. Despite the fact that Uniontown apparently was in the right, the unsatisfactory termination of the contest does not augur well for the resumption of relations with Conneltsville.

It is a serious question whether there will not be an ultimate severance of relations with Scottdale, which has been given a place on the Conneltsville schedule since Uniontown was dropped. Followers of football here say the Scottdale team has several players who are entirely too temperamental. The Scottdale-Conneltsville game played here this year it is probable local fans would have been disgusted with the contest. Followers of football have little patience with a team which wants to walk off the field every time one of its players disagrees with a decision. That is the great weakness of the Scottdale eleven, a tendency to quit under fire.

As for Uniontown, it is doubtful whether relations will be resumed until some amends are made for the unwarranted attack upon the Conneltsville players following a game some years ago. Had the assault been committed by outsiders, relations would probably never have been broken off. The wenders of the dumbbells and Indian clubs, however, were players on the high school team. The demand of the high school authorities for an investigation by the Uniontown officials was ignored and the only activity that was ever noted was an effort to excuse the Uniontown players for their disgraceful violation of the ethics of sport.

Football is not particularly a gentle game, and some roughness is expected. Some Conneltsville players have not been any too gentle on the field, and for this reason, any criticism of Scottdale or Uniontown—and there is room for considerable—would be out of place. All three teams, it

appears, have offenders, but Conneltsville has yet to have a player disqualified for slugging or choking, which is more than either Scottdale or Uniontown can say. However, Conneltsville teams have played the game. They have taken defeat gracefully, and that in the face of decisions that affected them adversely. This is more than teams from the neighboring town can say.

Conneltsville has a high standing in athletic circles for the quality of sportsmanship that is displayed. This is amply demonstrated by the continued friendly relations existing with Greensburg, Johnstown, Washington and other teams.

The fact that Johnstown sends its team here in alternate years is a commitment which should not be underestimated. Were the locals not above reproach, so far as their sportsmanship is concerned, the Flood City boys would never make the trip here, nor would Greensburg continue them on a home schedule.

A Real Flesh Builder For Thin People

Who Would Increase Weight and Put on Healthy Stay-There Flesh.

This man and woman who would like to increase their weight with 10 or 15 pounds of healthy "stay-where" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure yourself again. It isn't a question of how you look or feel or what your friends say and think. The scales and tape measure will tell their own story. Many people, having followed these simple directions, report weight increases of from five to eight pounds with continued gains under further treatment.

CONNELLSVILLE COVERED.

It seems that the election boards of Connellsville on demand of the County Commissioners certified the number of official ballots cast in each ward at the recent primary election and that the total was 1,539. The official candidate law says that candidates will be so considered who have received "a number of votes greater than one-half the number of official ballots cast."

The objection in most of the cases under consideration in other parts of the state seems to have been that there were no means of ascertaining whether the actually received a majority of the ballots cast. Those election statutes not having been a part of the returns. In filling them with their other returns, the Connellsville election boards seem to have complied fully with the law. The Courier was in error yesterday when it stated that this certification had not been made.

According to the certification "a majority greater than one-half of the official ballots cast" at the Connellsville primary was 769 votes. The four highest candidates on the ticket each received a greater vote than this, the official return being as follows: Duggan, 861; West, 849; Fryer, 835; Guyha, 429.

Connellsville seems to be covered properly, but it is not without a slight exception. The Record wants a straight ticket of eight candidates and the elimination of Hilde as a preferred candidate despite the fact that he seems to have qualified as the primary by getting the required majority of the ballots cast. It says:

"It is a grave question whether it is constitutional to elect one member of Council by one process and his colleagues by a different process. This formality is required by the fundamental law and the Supreme Court, in deciding the constitutionality of the non-partisan judiciary act held upon the fact that though the method prescribed was not similar to the method prescribed for the election of other officers, it was prescribed for all judges and therefore conformed with the constitutional provision."

It is possible that this point may be well taken as it seems to be in line with the above mentioned election, but in the case of Connellsville the election of Councilmen will be uniform, all being preferred candidates. The greater question would be whether such a primary law does not take away the free election right of the elector, but here again it is suggested that his right is protected by leaving a blank space wherein he can write the name of another candidate or attach a sticker.

The last Legislature was tickled into a state of excitement over certain legislation demanded by the executive and did not apparently give either legislation that calm, thoughtful and intelligent consideration it should have had, especially third class city laws.

THE THOMPSON COMMISSION.

The plan of a creditors' commission to administer the affairs of J. M. Thompson, to the end that his assets be conserved to his creditors and a general smoothing of things in and about Uniontown, is being pushed for its success, and the ability of the promoters to get practically all the creditors to agree to it, otherwise it will only serve to make matters worse. The attorneys seem to have ascertained that the arrangement will be general and they would not seriously present the proposition. Concerning the proposed commission, the Uniontown Herald says:

"The spirit of cooperation on the part of the men involved, their creditors and the various members of the bar gives gratifying assurance that no obstacle stands between the greatest good to the greatest number. It is a fine piece of work, splendidly conceived, properly received by all at interest, and well launched. It is a matter of sincere congratulation to every one concerned, which includes every resident of the town. Interest in this whole community. In accomplishing this the bar is performing a public service of the highest character."

Commission government seems to be the thing just now.

The parcel post service is becoming more of an express service and loss of a mail service, and still the railroads are compelled to carry it on the Government's terms which are said to be exacting. The Government has been insisting that the railroads shall be just to the people. The Government should set an example by being just to the railroads in the matter of compensation for postal service.

The coal business is getting brisk in the Connellsville coke region. The coke operators seem to be taking the hint themselves.

Johnstown can't afford a special car to the football game. Perhaps it is just as well. We will explain after the game.

Connellsville is not a dope town, but some of its Democrats have queer notions of being elected to county office.

Contractor O'Connor finds the Tabella road these days, and, sure, it's all right for him, but he ought to provide automobiles for his workmen.

Tom Lach didn't forget the poor. "And the greatest of these is charity."

The returns from those 7,000 hunters are beginning to come in.

At the Theatres

SOISSON THEATRE

"NEAL OF THE NAVY."—The fourth episode of the new serial, "Neal of the Navy," will be shown at the Soisson Theatre today. Lillian Lane and Win. Courtois are the stars in this production and both are making good. The play is an exciting one and full of sensational scenes. The popular screen actress, Mary Fuller, will also appear today in the four-act Victor drama, "The Woman Who Lied," that tells a powerful story of an actress' adventures when love redeems. In this drama of the theatre, the world, one is whisked from the stage doors of Broadway to life in the shadows of the snow-capped mountains. Tomorrow, the Shubert Bros. will present the dirty little of these, Vivian Martin in the five-act drama, "The Little Dutch Girl," founded on Gail's novel of compelling charm. "Two Little Wooden Shoes" Monday Chas. Chaplin comes in the amusing comedy of the four-act, "The Broken Coin" is also shown.

"THE LITTLE DUTCH GIRL."—World Film Corporation presents the five-part photoplay, "The Little Dutch Girl," based on a novel by the late Milla de Haan, who, under the pen of Gail, published many books, several of which have been successfully adapted for the regular stage and for the motion picture. The director of this picture is John, Reule (Chautau) who is especially qualified to translate Gail's into motion picture form.

Vivian Martin is the character of the little Dutch girl, and has a part well suited to her dainty personality and style of acting; she has a career from infancy to adulthood full of beauty, charm, pathos and tragedy. Discovered as a foundling by a good-natured and kindly gardener, who adopts her, she passes a happy girlhood; when her foster father dies and leaves the little Dutch girl alone in the world, her sorrow commences. She attracts the love of a great painter and loves him in return, but when she discovers that the object of her admiration is a false idol and loves other women, the poor little Dutch girl, like a fragile flower in an icy blast, withers and dies.

The picture, which has the advantage of most beautiful settings, delightful costuming and clever characterization, has a fine cast to support the story, including Dorothy Fuldreich, Julia Stuart, Chester Barnett and John Rogers.

"The Little Dutch Girl" will be shown at the Soisson Theatre tomorrow.

COLONIAL THEATRE

"THE PUPPET CROWN."—Do you remember Marquise Clark in Joseph J. Lasky's picture, "The Puppet Crown," the picture of the "The Puppet Crown," and in this instance, the star is beautiful, charming, the comedy star, Broadway's favorite, Charles Mackway, makes his first appearance as the hero of this production.

The Lasky Company believes that there is a place for an occasional romance in the repertoire of a first-class photograph theatre. And it is just this demand that is not by such elaborate and fascinating offerings as those shown in the infatuation.

"The Puppet Crown" is a picture of the first class photograph theatre. And it is just this demand that is not by such elaborate and fascinating offerings as those shown in the infatuation.

HOW TO CLEAR AWAY PIMPLES

Bathe your face for several minutes with resinal soap and hot water, then apply a little resinal ointment very gently. Let this stay on ten minutes, and wash off with resinal soap and more hot water, finishing with a dash of cold water to close the pores. Do this once or twice a day, and you will be astonished to find how quickly the healing resinal medication soothes and cleanses the pores, removes pimples and blackheads, and leaves the complexion clear and velvety.

Resinal ointment and resinal soap stop itching instantly and speedily heal skin burners, sores, burns, wounds and chafing. Sold by all druggists.

SOAP FOR BABY'S TENDER SKIN
The regular use of resinal soap is usually enough to prevent those distressing rashes and chaffings to which most babies are subject. This is so, first, because resinal soap is absolutely pure and free from harsh alkali, and second, because it contains the resinal medication, on which so many physicians rely for skin troubles.

Special Ground Lenses at lowest prices. After Saturday, October 30, 1915, our regular charges for eye examination and glasses go into effect.

Don't Give It Up

No matter how skeptical you are, or how many times you have failed to receive correct glasses, or who has given up your case, or the price you have paid—come to us. The reason we have fitted hundreds of cases where all others failed is—we examine the eyes and fit glasses.

By simply looking into the eyes, taking the exact scientific measurements of the shape and focus of the eye. Without the Use of Drops or Medicine. Without Test Cards or Charts. Without Asking a Question. We do the examining and we do the fitting, not from what you tell us, but from the exact conditions of your eyes.

Don't Suffer

With Poor Sight, Blurry Vision, Watery Eyes, Cross Eyes, Headaches, Braining, Nervous Debility, Nausea, Dizziness, Insomnia, and other troubles often caused by eyestrain. Absolutely FREE of Charge or Obligation to purchase Glasses, we will examine your eyes, and if glasses are needed, we will frankly and truthfully tell you so, and we can fit you glasses which will relieve and correct your trouble.

An Appeal to Reason

Others who claim to examine eyes and fit glasses all use practically the same methods. You are sometimes subjected to drops or you read letters or describe lines. You have a great many glasses tried on your eyes and do a lot of guessing, then confused and tired, with your eyes all out of shape, you try to select the glasses you think correct.

Think this over and you can readily see why it has been doing you no examining, and this no doubt, is the reason you have failed to receive proper glasses.
